Dear Islamic Cultural Centre of Ireland,

Thank You

Thanks to your incredible generosity you have raised an amazing €550.00 to help sick children in Crumlin on their toughest journeys.

Working closely with Crumlin Hospital and the National Children's Research Centre I can see the difference your fundraising makes. Your support has a big impact because you help fund critical supports and research into cures for seriously sick children.

This support helps save children's lives – it also helps ensure they have the best quality of life after long periods of treatment, which has a very significant impact on them in many ways.

Your fundraising plays a vital role in delivering this special combination of critical supports, and effective and gentle treatments for seriously sick children who are on their own tough journeys. Some are facing life limiting, and life threatening conditions, some dealing with chronic or rare illness, all are facing significant challenges and upheaval.

Through the kindness of your fundraising, the labs can make progress in world-class research and strive for cures with potential to save lives, the equipment and teams that provides ongoing treatment and tender care can be maintained, and the invaluable supports for quality of life and overall well-being can be ensured.

So from me, from all the patients you are helping and their families and from everyone here at CMRF Crumlin, I'd like to express our gratitude.

Thank you for all that you do

Antoinette Kelly
Head of Community Fundraising

P.S. Follow us on Facebook to get more updates on the children you are helping and see the impact of your donations at [facebook.com/CMRFCrumlin](https://www.facebook.com/CMRFCrumlin)

Thank you for your wonderful contribution, it will greatly support our work for sick children.
